

Here at YOKOO GROUP we aim to weather proof your outdoor event and minimise the impact rain can have on both your team and the attendees to your event. We can do this by offering you our standard ponchos at a very competitive price, or if required we can produce a poncho made to your exact specifications.

You can then offer these free of charge as a service on a rainy day OR charge around \$4-\$5 for people to purchase their own poncho. Either way you choose this will be a truly appreciated service and will help ensure families in particular don't leave your event sooner than what they had planned when it starts to drizzle.

We are confident that by offering this service to your attendees you are helping to secure a great experience for them & you are also showing that you care about their experience and have gone the extra mile to secure free/affordable protection from rain. This will be very much appreciated by all.

Any questions or if you would like to discuss how we can assist you further please do not hesitate to contact us here at YOKOO GROUP.

Looking forward to working with you on "weather proofing" your future events!
